SpongyElephant A brilliant website that takes you to many educational sites - all web based software.	http://www.spongyelephant.com/primarypupils/

PE Links

Youtube Channel: Mo Jones Features lots of videos of workouts for children to keep active.	Youtube Channel: Cosmic Kids Yoga for children. Features lots of yoga sessions where children exercise whilst being told a story. Really good for winding down, mindfulness and relaxation.
Youtube Channel: Justdance Features dances from the game. Children can listen to their favourite songs and dance along at home.	Youtube Channel: GoNoodle Lots of short songs which require children to dance and coordinate different parts of their bodies. Ideal for mini breaks between activities.

Websites for parents

Twinkl.co.uk are offering free ultimate subscriptions.

This website is useful for all subject areas. You can search by year group, activity, lesson or for specific activities e.g. wordsearches, times tables, story writing.

This website also offers a huge range of teaching PowerPoints that you can download and use.

Classroomsecrets.co.uk

Another website full of resources for many subject areas. They have made many of their paid for resources free, you can search by year group/age/subject area.

Whiterosemaths.com

This is a maths website that has a tonne of resources on there. We use this in many of our maths lessons at school and fits with what the children are used to.

You can search schemes of learning on here by year group.

They are also offering school closure packs which they have mentioned they will be releasing shortly.

I will update this list with more as and when I hear of them!
